

Make Sure You're Not Doing Business with Restricted Parties or Sanctioned Countries

You need to ensure that your customers and vendors in Oracle® E-Business Suite (EBS) are not on watch lists issued by government agencies such as the Department of Commerce, Department of State, and the Office of Foreign Assets Control (OFAC). In addition, you need to verify that your orders are not destined for sanctioned or embargoed countries.

Restricted Party and Sanction Screening for Oracle® E-Business Suite
